Respected Friend,

I rec^d your printed address and circular last evening, and while I do most fully agree with the sentiment that 'Slavery is a sin' - a flagrant sin; and that immediate emancipation, under proper regulations, extending a care, in some instances for a time, towards the emancipated, is loudly called for, is justifiable, and would succeed to the satisfaction of both parties. I feel a delicacy in subscribing my name as proposed - Yet if it should be thought that it ^{would} tend, in any measure, to the furtherance of the noble work of the abolition of Slavery, and especially, if there should be other names of the religious Society of Friends, I have no objection to my name being used.

I also concur in the sentiments regarding the scheme of Colonization as stated in the circular.

May success attend every effort
